

**Jesus took the loaves, gave thanks and distributed them...**

**My beloved God Son, deceased George, and Joann,**

**at dinner.**

**We take each dinner for granted. But for all there will be a "Last Supper."**

**In the meantime, we must feed ourselves and should be concerned with feeding the hungry all around us.**

**Today in the USA one in five children lives in a family that struggles to put food on the table.**

**BREAD FOR THE WORLD is the most effective agent in fighting hunger problems.**

**[bread.org](http://bread.org)**

**Feeding the hungry was not at the margins of Jesus concern. Witness today's Gospel, the Wedding Feast of Cana, the Last Supper itself.**

**In fact table ministry was at the core of Jesus activity.**

**Bread for the world is an ecumenical Christian voice urging our nation's decision makers to end hunger at home and abroad.**

**We CAN end hunger in our time, but churches and charities cannot do it all. Government must also do its part.**

**But there is an anti-government spirit fostered by such propaganda agents like FOX NEWS that says the government must shrink from any kind of social outreach. They play a constant drum beat on this theme.**

**Yet the Government is US.**

**We the people are the government and what we the people demand, government will accomplish. But do we want a government that is narcissistic, concentrated on protecting the very rich, and abandoning the hungry and the poor to "raise themselves up by their own bootstraps..." or a government that is compassionate and reaches out its hand to the struggling poor?**

**The future election will give an answer to that question.**

**The answer is up to me and to you.**

**The hungry DO have a voice amid all the political clamor.**

**That voice is Bread For The World.**

Will you join your voice to theirs?

If you say "YES!"

And so we pray:

"Give us this day our daily Bread,..."

and give us a government, OUR government,

that hears the cry of the hungry,

in our time,

and in our land.

Amen
