

Wisdom and Money

The theme of today's Readings

The Whistle blower this week revealed that FACEBOOK is aware that Instagram belittles teen girls as well as stirring up anger, resentment and all kinds of disinformation, but keeps it up because it sells advertising.

\$\$\$ is the ultimate goal.

It is harder for Facebook than for a camel to thread through a needle.

this disinformation is lethal for democracy. Why?

Because if we distrust the workings of democracy, the very fabric of our nation is eroded.

in Scripture Satan is the "Father of Lies."

This Father Of Lies is among us in the person of Donald Trump.

Remember Â Nazi Germany, a country of great culture and education.

But Gobbels, The Trump Of his era believed if you tell a lie often enough, it sticks, and it did.

I highly recommend the book PERIL by Woodward and Costa.

God save our democracy!
