I am going fishing!

The remarkable proclamation of Peter....going back to work. But there would be other work that would take him all the way to Rome.

May 1 is a BIG day in Russia and it is the beginning of Mary's Month. She is revered in Russia despite the ravages of Communism and now Putin.

so we turn to her in our great for peace in Ukraine. Once I was chaplain on a Russian ship. One evening I encountered two Russian shipmates and asked "Is there any religion left in Russia?

one said "No!"

Then the other said, "But we still treasure our icons."

There is still faith in Russia. May it be reawakened during Mary's month!
