

"I am not going to talk about Basketball!"

Â

Said by Steve Kerr, coach of the NBA GOLDEN STATE WARRIORS prior to their game this week.

instead of basket ball, he said: "We are being held hostage by 50 senators who through maintaining the the filibuster we've blocked any legislation on assault weapons from even being voted on!"

He was emotional and he was correct. Last Sunday a little girl in a white dress received her first communion. This week that dress was blood soaked and a pall over her mangled body!

NO OTHER CIVILIZED COUNTRY ALLOWS THIS CARNAGE TO CONTINUE?

Something CAN Be done about this, if the majority of voters stop mouthing the platitudes: "Oh we shall pray for them and hava a moment of silence."

Instead of such platitudes:

VOTE! VOTE! VOTE!
